9:20

Welcome & Housekeeping
Fifth Dimension

9:30

tNavigator Technology Updates: One Asset, One Software - from Seismic to Surface
Rock Flow Dynamics

10:30

Fully Integrated Solution for New Developments with Scenarios & Multi-scale Modelling
Examples from Fogelberg: Lime Petroleum & Rock Flow Dynamics

COFFEE BREAK

11:40

Bruce Field: Field, Well & Logs Challenges
Robert Trythall, Serica Energy

12:00

Pore Pressure Simulation & Prediction for Hydraulic Frac Design from a Mature Field
Oludare Elebiju, Serica Energy

BUFFET LUNCH & NETWORKING

13:30

Watercut Analysis and Assisted History Matching of a Heavy Oil North Sea Field
Jan Manoharan, EnQuest

14:00

From Rocks to Simulation: Ultimate Truth Modelling
Bastian Steffens, Rock Flow Dynamics

14:30

Well Performance Optimization using Autonomous Technology in tNavigator
Isma Mohd Ismail, Inflow Control & Alexey Danilko, Rock Flow Dynamics

COFFEE BREAK

15:20

Integrated Asset Modelling for Production Optimisation of Coupled Reservoirs
Vikash Kumar, Harbour Energy

15:50

Closing, final Q&A
Vasilii Shelkov, Rock Flow Dynamics

COCKTAIL RECEPTION & ENTERTAINMENT
