tNavigator
Rock Flow Dynamics

AGENDA

08:30	Registration & Networking
09:00	Welcome by Fifth Dimension, Hosts & Magicians
09:30	Technology Updates & Developments	Rock Flow Dynamics
10:00	Advancements in Geomechanics for Optimised Reservoir Modelling	Rock Flow Dynamics
10:30	Case Study: Type Curves - A Single-Click Post Processing	Alan Mourgues, Independent Consultatant
	Coffee Break
11:20	Case Study: Weapons of choice - Selecting Facies Modelling Algorithms	Jochen Kassan, Independent Consultant
11:50	Our Journey to Static Reservoir Modelling, Introducing Fault Seal Analysis in tNavigator	Rock Flow Dynamics
	Lunch
13:30	Case Study: A Single Solution- Integrated Asset Modelling Approach for a Dry Gas Field	Dan Pickering, OPC
14:00	Case Study: Solutions to Dissolution - Modelling CO_2 Storage in Saline Formations	Genna Petho, CO2CRC
	Coffee Break
14:50	Probabablistic Plume Modelling for CCS	Rock Flow Dynamics
15:20	Case Study: Beware of History Matching...There's No Such Thing as Truth	Alan Mourgues, Independent Consultant
15:50	Closing Remarks followed by Networking Reception
