

AGENDA

REGISTER NOW

- 08:30** Registration & Networking
- 09:00** Welcome by Fifth Dimension, Hosts & Magicians
- 09:30** Technology Updates & Developments | Rock Flow Dynamics
- 10:00** Advancements in Geomechanics for Optimised Reservoir Modelling | Rock Flow Dynamics
- 10:30** Case Study: A Single Solution- Integrated Asset Modelling Approach for a Dry Gas Field | Dan Pickering, OPC
- Coffee Break**
- 11:20** Case Study: Weapons of choice - Selecting Facies Modelling Algorithms | Jochen Kassin, Independent Consultant
- 11:50** Our Journey to Static Reservoir Modelling, Introducing Fault Seal Analysis in tNavigator | Rock Flow Dynamics
- Lunch**
- 13:30** Case Study: Type Curves - A Single-Click Post Processing | Alan Mourgues, Independent Consultant
- 14:00** Case Study: Solutions to Dissolution - Modelling CO2 Storage in Saline Formations | Genna Petho, CO2CRC
- 14:30** Probabilistic Plume Modelling for CCS | Rock Flow Dynamics
- Coffee Break**
- 15:20** Panel Session: The Future “Energy Mix” and the Role of Technology in a Digital World
- 16:20** Closing Remarks followed by Networking Reception
